## KEY SKILLS

- Software Development • Web Application Development • Technical Analysis
- Object-oriented Programming • Process Optimization • Project Management

## SECONDARY SKILLS

- Multitasking • Teamwork • Critical thinking • Time management • Adaptability • Conflict Resolution • Communication
- Project Management

## TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Bootstrap, Java

Frameworks & Libraries: AngularJS, Hibernate, Spring Boot(Java), Spring(Java),MVC

Databases: MySQL

Operating Systems: Windows

## EDUCATION

Master's in Full Stack Java Developer	Jan '23
Simplilearn Certified in partnership with HIRIST & HackerEarth	Delhi, IN
Course Modules:	
• Object-oriented Java Programming: Data Structures and Beyond   Java Web Pages and Database Management	
• Spring MVC and Advance Java Programming   Frontend Web Application Development   Web Application Testing and DevOps	
B.Tech in Mechanical Engineering : Academic Performance- 7.8 CGPA	May '22
Reva University, Yelahanka-Bangalore	Bangalore, IN
Diploma in Mechanical Engineering : Academic Performance- 7.0 CGPA	Apr '19
Mahatma Gandhi Polytechnic, Yadgir	Yadgir, IN
10th/Secondary : Academic Performance-87.5%	Jun '16
Mahatma Gandhi High School,Yadgir	Yadgir, IN

## CERTIFICATION

Certification in Computer Fundamentals   Simplilearn	Feb '23
Certification in Introduction to Programming and Data Structures  Simplilearn	Jun '23
Certification in Implement OOPS Using JAVA With Data Structures And Beyond   Simplilearn	Jul '23
Certification in Become a back-end expert   Simplilearn	Aug '23
Certification in Implement Frameworks The DevOps Way   Simplilearn	Aug '23
Certification in Frontend Web Application Development   Simplilearn	Sep '23

## FULL STACK PROJECTS

- Project 1: Flyaway Airline Booking Portal | Tech Stack: Java, Java EE Servlets, JavaScript, MySQL, GitHub
  - o Coordinated with UX team to develop airline booking portal that generated 94% user engagement
  - o Analyzed users' journey and modified existing portal to improve sig up rate by 13%

- **Project 2: Medicare Web Application for Ordering Medicines of Different Categories | Tech Stack: Java, Spring-boot, JSP, JavaScript, Bootstrap, MySQL, GitHub**
  - Significantly increased user engagement by 30% , Streamlined user sign-in and Seamlessly integrated user-friendly features
  - Empowered administrators with product management capabilities, including addition and deletion
- **Project 3: Kitchen Story (an E-commerce portal) | Tech Stack: HTML, CSS, JavaScript, Bootstrap, AngularJS, GITHUB**
  - Engineered an **admin** login page with the capability of 80% for administrators to securely change **passwords** after login
  - **Implemented** an intuitive food item management system that allows administrators to add or remove food items efficiently, resulting in a **50%** reduction in time spent on item management, **Enhanced** user experience by integrating a search form on the homepage, enabling customers to **effortlessly** browse and purchase food items, leading to a 20% increase in user engagement
- **Project 4: Administrative portal for learners academy | Tech Stack: Java, Java EE Servlets, JavaScript, MySQL, GitHub**
  - Efficiently engineered administrative functions, including the creation of master subject, teacher, and class lists, assignment of subjects to classes, allocation of teachers to specific subjects and classes, and management of a comprehensive student roster
- **Project 6: MyMoviePlan Application for online ticket booking | Tech Stack: Java, Spring-boot, JSP, JavaScript, Bootstrap, MySQL, GitHub**
  - Admin Portal Responsibilities: Manage backend data generation and product information, including adding/removing genres, editing movie details, and enabling/disabling movie shows to maintain a rich and up-to-date product line
  - User Portal Responsibilities: Facilitate user activities, such as sign-in, movie ticket search with filters and sorting, cart management for selected tickets, streamlined payment processing, and providing a booking summary page upon completion

## PROFESSIONAL EXPERIENCE

**Graduate Trainee Engineer - HCL | [Bangalore] | [Nov,2022]**

Nov '22 - Present

**HCL Technologies**

Bangalore, IN

Successfully transitioned from a student role to full-time professional through the company's campus hiring program. Onboarded in HCL in Nov/2022.

Deployed on ASM based project in Dec/2022. Throughout achieved good Remarks, work pressure handling ability, Project management, Team working ability.
